

Sigmund Groven - Collection Vol 2 Tradition by the Editor

Sigmund studied and worked with Tommy Reilly for many years and this CD is the second of three CDs using tracks chosen from his 40 years as a recording artist.

The first CD, released last year, contained *Harmonica Hits*. Volume 2, *Tradition*, has a Nordic folk music feel. The third CD, to be released in 2016, will focus on Sigmund's Classical repertoire.

Tradition contains many well-known selections like *Salley Gardens*, *Hava Nagila*, *Serenade*, *Bulgarian Wedding Dance*, plus some lyrical Nordic selections like *In the Evening* and *Wedding March*.

These CDs are a must for anyone who wants to hear the chromatic harmonica played by a master, doing what it does best, playing melodic and traditional material with simple, clean arrangements. www.sigmundgroven.com
